

### Gleneagles-Glenmor Seasonal Ownership

**Client**

Gleneagles - Glenmor  
Seasonal Ownership

**Project**

Glenmor

**Value**

£90,000

**Services & Solutions  
Provided**

Structured Cabling  
Sonos Multi Room Audio

Boston Smarthome were contracted to provide a solution for the famous 5 star Hotel and shared ownership development in Perthshire, Scotland.

We successfully installed IP based audio systems throughout many apartments giving the clients an impressive and easy to operate wireless sound system which allows the resident to play different audio tracks in a number of rooms concurrently.

Audio is readily available to each user from a server connected to the hotel's IP network. The users also have options to play their own audio through the system from an associated CD/DVD player and /or iPod connection.

Gleneagles were delighted with the technology, the aesthetics and Boston's overall professionalism when working in their 5 star environment.
