Scottish Agricultural Sciences Agency-SASA

The Scottish Agricultural Sciences Agency - SASA

Client
SASA

Boston Networks were selected to design & install a structured cabling solution at the new £25 million headquarters of SASA, Scotland's Agricultural Science Agency.

Project
Gogarbank HQ

The new premises at Gogarbank near Edinburgh provides modern, purpose-designed laboratory and glasshouse facilities under one roof. SASA, a community of scientists and their supporters, helps to ensure the quality, safety and security of our food supply in Scotland, and contributes to the quality of our environment.

Value
£80,000

**Services &
Solutions Provided**
Cat 6 Structured Cabling
OM3 Fibre Optic
Cabling
Small Power Systems

Boston Networks installed 1000 Category 6 information outlets to support SASA's voice, data and video requirements with an OM3 fibre optic backbone rated to support 10Gigabit Ethernet across the 12 communications closets throughout the building.

The project signified Boston Networks adaptability when faced with a challenging construction program as our expertise were required to assist in the delivery of the site wide small power and containment systems.
