Grove Academy

Boston Networks Bring 'IPTV' To Grove Academy

Client

Dundee City Council

Project

Grove Academy IPTV

Value

£95,000

**Services & Solutions
Provided**

Cat 6 Structured Cabling
Exterity IPTV
Design & Consultancy
Services

Boston Networks have been selected to design, install and commission a cutting edge IP Television system and high speed cabling infrastructure throughout the newly refurbished Grove Academy in Dundee.

The solution ensures every device with a screen can be turned into a networked television using IPTV, which provides instant classroom access to a virtually unlimited global archive of teaching material.

Teachers no longer have to wait for tapes and discs to be returned to resource centres, or record programmes at home.

Boston Networks has delivered a cost-effective Live Television solution using Exterity IPTV & supported by a new Brand Rex Category 6 structured cabling system.
